MONUMENTAL

COLLECTION

The Monumental lighting collection, crafted during an artist residency at Luminaire Authentik in collaboration with artist Zeynep Boyan, draws inspiration from the legacy of ancient civilizations and the rich cultural heritage of pre-modern Turkey.

This collection captures the elegance and grandeur of classical architectural columns from a crossroads of diverse cultures, blending elements from Hellenistic, Roman, Byzantine, and Anatolian artifacts into a reimagined, modern lighting design.

Each piece in the Monumental collection embodies the enduring strength and beauty of classical forms, merging traditional aesthetics with contemporary craftsmanship. Central to each design is a hand-sculpted knob, a defining feature of Boyan's work that enhances the organic quality of the collection's forms. Sculpted entirely by hand from stoneware clay, each piece undergoes an oxidation firing process and is finished with hand-brushed glaze strokes.

This residency allowed Boyan and Luminaire Authentik's artisans to merge traditional artistry with contemporary design, resulting in a timeless and unique collection that stands as a tribute to classical architecture and the enduring beauty of craftsmanship.

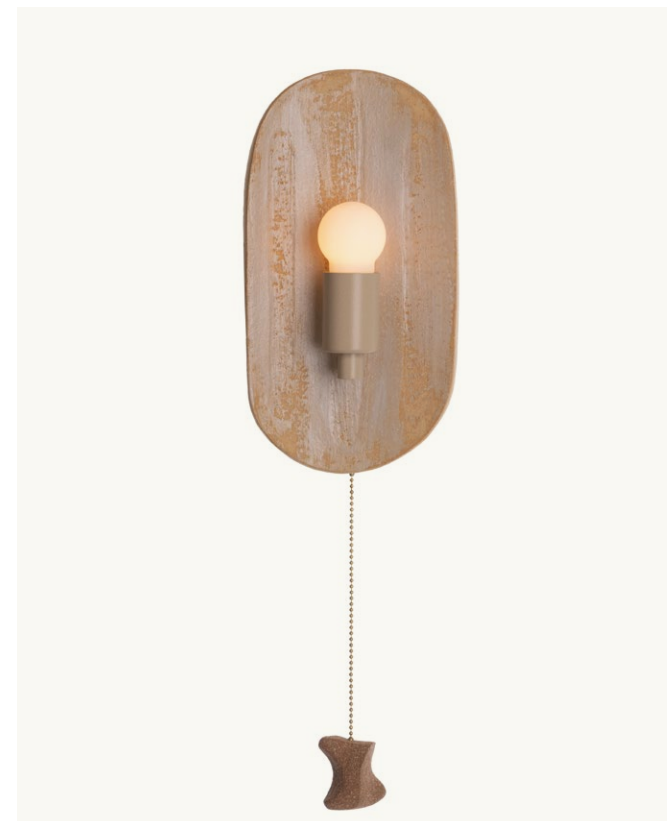

CENTREPIECE PENDANT

*Assembly of 6 pendants
23,30,15cm diameter disks
15cm height
360cm of cord available*

3200\$ CAD

(1) in stock

MONUMENTAL SCONCE

*10cm distance from wall
16cm width
30cm height

1800\$ CAD

(1) in stock

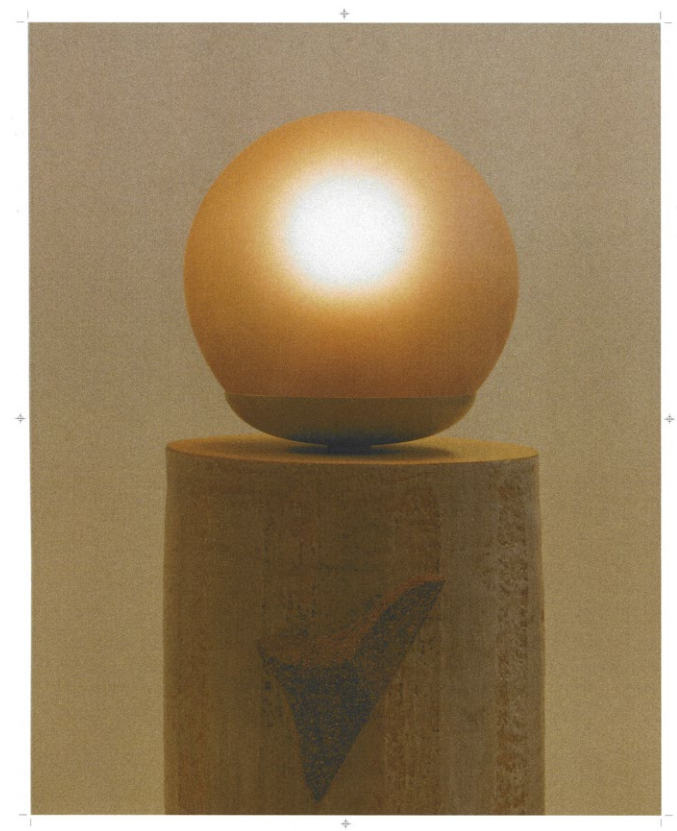

TABLE LAMP

18cm length
18cm width
36cm height
dimmable switch

2200\$ CAD

(1) in stock

ZEYNEP BOYAN

Zeynep Boyan is an artist and designer working with clay as her primary material. She creates abstract and biomorphic sculptures, furniture and other functional objects. Through her work, she explores themes of identity, connection, and belonging by utilizing the interplay between objects, spaces, and materials. Her process blends centuries-old materials and techniques, resulting in one-of-a-kind pieces crafted entirely by hand.

With a background in cinema, Boyan has lived in various cities such as Istanbul, Brussels, Montreal, and now Munich, all of which have profoundly influenced her understanding of belonging and identity and have shaped her material sensibility and body of work. Over the years, she has cultivated a deep interest in natural, historical, and architectural artifacts, exploring the interplay between the old and the new, as well as the transient aspects of a fast-paced world and centuries-old craftsmanship methods.

Since 2021, Boyan's work has been showcased at Dubai Design Week, Dutch Design Week, London Design Festival, IDS Toronto, Souk MTL & NYC Design Week.

LUMINAIRE AUTHENTIK

Luminaire Authentik, renowned for its expertise in custom lighting design, proudly offers a unique opportunity each year through its Artist Residency Series. This initiative invites an artist to collaborate with the company, merging their creative vision with Luminaire Authentik's unparalleled craftsmanship and technical know-how. By combining the artist's talent with the company's deep expertise in handmade lighting, the residency fosters the creation of a truly unique collection that reflects both artistry and innovation. Through this collaboration, Luminaire Authentik not only showcases its commitment to pushing the boundaries of design but also provides a platform for the artist to shine, elevating their work to new heights.
