### 50 Years of Design, Creativity, and Boldness – VAD Celebrates Its Journey

Laval, June 11, 2025 — **VAD Designers d'espaces** one of Quebec's leading corporate interior design firms, is proudly celebrating its 50th anniversary this year. Founded in 1975, the company has specialized in designing corporate, institutional, and commercial spaces. Over the past five decades, VAD has earned a stellar reputation for excellence in the design industry, driven by a team of creative professionals united by a shared passion: pushing boundaries and creating spaces where people truly thrive.

In the last fifty years, VAD has made its mark with large-scale, impactful projects. From corporate headquarters and educational campuses to thoughtfully designed communal spaces that enhance user experience, every project reflects the trust and confidence of an exceptional clientele. "These 50 years give us an opportunity to reflect with pride on our journey, and to recognize that our greatest achievement is the trust we've built with our clients and partners, as well as the renewed joy of creating together," say Patricia and Andréa – partners since 2024.

This success is deeply rooted in VAD's unique corporate culture, where human connection, collaboration, dedication, and shared passion have always been the driving forces behind the company. It is this culture that has allowed the team to remain strong and united, always ready to bring meaningful projects to life.

The 50th anniversary also marks a new chapter of innovation and forward-thinking challenges. Staying true to its pioneering spirit, VAD is looking ahead to the future with enthusiasm and ambition. The team plans to continue pushing the boundaries of interior design by integrating best practices in sustainability and well-being while providing tailored services that meet the market's evolving needs. VAD is committed to writing new, inspiring chapters, always mindful of the changing demands of its clients.

"Reaching this milestone of half a century is both an honor and a point of pride, shared with all who have placed their trust in us. We sincerely thank our clients, partners, and each member of our team— it is their loyalty, collaboration, and talent that have allowed VAD to shine," say Martine, Marc, and François, partners since 2007. Fueled by the same passion that guided us at the beginning, we are more determined than ever to ensure VAD's long-term success and continued growth.

### About VAD

Since 1975, **VAD Designers d'espaces** creates corporate, commercial, and institutional interior environments that embody the values and ambitions of its clients. Its motto, "Donnez un sens à votre espace," reflects an approach that places the purpose of each environment at the core of the design process. Each project is designed to combine functionality and aesthetics, while respecting the client's identity and user needs. As creators of experiences, VAD's designers imagine high-performing, inspiring, and memorable spaces where values come to life through design.
