

ANNOUNCING THE WINNERS OF THE ARCHITECTURE HUNTER AWARDS 2025

Celebrating Global Creativity and Innovation in Architecture and Design

Architecture Hunter is proud to announce the winners of the Architecture Hunter Awards 2025 (AHA), a distinction dedicated to honoring exceptional achievements across architecture, architecture representation, product design, interior design, urban design, social and student projects, and beyond. This year's awards highlight projects that represent the forefront of creativity, sustainability, and purposeful design, reinforcing the role of architecture in shaping the future of our built environments.

Since its creation, Architecture Hunter has become a global platform for architectural inspiration and innovation, curating the best works for an audience spanning more than 3 million people worldwide. The AHA embodies Architecture Hunter's mission to foster meaningful connections within the architectural community and to elevate projects that make a lasting impact.

The AHA 2025 revealed an inspiring array of projects that showcase the power of thoughtful design to shape experiences, foster connection, and respond to context. From innovative approaches to materials and space to immersive environments that engage communities, the winners demonstrate how architecture can translate culture, nature, and creativity into spaces that resonate universally and leave a lasting impact.

An Esteemed Jury and Global Recognition

The winners were selected by a distinguished international jury of leading architects, designers, and thinkers, whose diverse expertise ensured that each project was evaluated not only for its design excellence but also for its cultural, social, and environmental impact. Among the jury members were Deborah Berke (TenBerke), Juan Ignacio Aranguren (Zaha Hadid Architects), Maria Porro (Salone del Mobile Milano), Patrick Voigt (9sekunden), and Tatiana Bilbao & Team (Tatiana Bilbao Estudio), alongside other renowned voices shaping the future of architecture and design.

Presented by Our Partners

The Architecture Hunter Awards 2025 was made possible through the collaboration of visionary partners. Presented by SKR, with premium sponsors Roca and Dellanno, and supported by Marmomac Brazil and CentroRochas, the awards have also benefited from the support of diverse media partners and institutional collaborations. Their dedication to fostering creativity and innovation in architecture has been essential in bringing this global celebration to life.
