

FFE MARKET DEMAND INDEX Q1-2022

MIDDLE EAST & AFRICA

INTRODUCTION

The FFE Market Demand Index is a publication aimed at providing an information on the market potential for Loose FFE for the hospitality industry of the territory in consideration. The report has been consciously put together jointly by Wood Couture, the world most experience and innovative Manufacturer of Loose FFE with a proven track record of global projects and TOPHOTELPROJECTS the world leading provider of qualified content on ongoing hotel construction projects, industry news and design trends.

The report is aimed at Hotel Operators, Developers, Investors, Brands, Architects, Designers and Suppliers of the Hotel industry Eco System.

METHODOLOGY

All projects' data displayed within the report is extracted from the TOPHOTELPROJECTS construction database for the period of the report. The construction pipeline data is divided into two hotel tiers, First Class and Luxury which correspond to the 4- and 5-star hotels in each location. To estimate the number of Loose FFE items for each hotel in the pipeline sample, each tier has been subdivided with an assumed type of hotel, hotel size and configuration from which the cost data is derived. The accuracy of the data is up to the date of extraction as it is constantly evolving and been updated.

All loose FFE Costs are assumed for complete custom-made material (Non-Branded) and on an Ex-Factory basis from Asian manufacturing facilities.

Production prices for European or American manufacturing facilities are subject to cost differentiations.

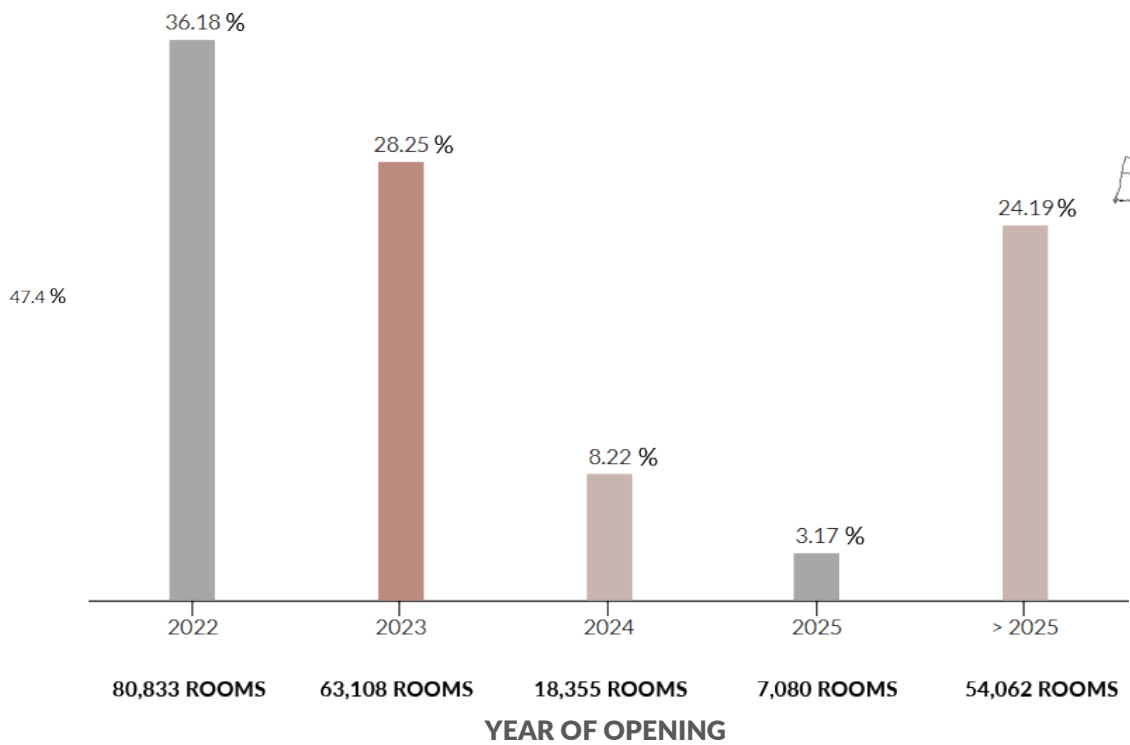

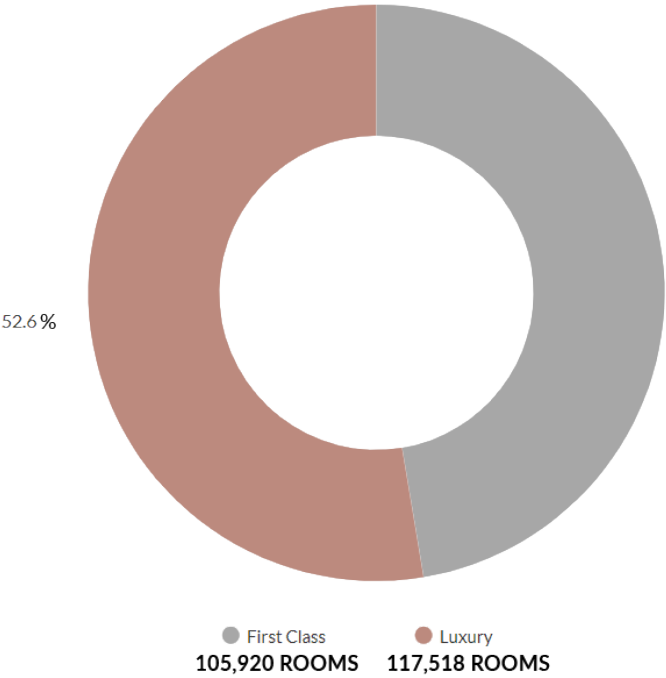

Costs do not include Professional Fees, Contingency, Operating Supplies + Equipment, Attic Stock, Freight or Installation/Distribution Taxes, Overhead and Profit, etc.

The freight and tax vary greatly by location and should be adjusted.

THE AUTHORS

WOOD COUTURE is the 21st century supplier with a mission of manufacturing and delivering quality at the right price! The brand was born in 2017 from the restructuring of a two-generation family business carrying 26 years of experience in custom made furniture for hospitality and high-end residential sector from Italy to Miami to the Middle East.

The organization encompasses a true passion for quality captured in their total quality management system to produce custom furniture, joinery, decorative accessories, and contemporary art for hospitality projects. Going beyond manufacturing, the team is driven by innovation, technology, and a deep experience in project dynamics.

The Wood Couture leadership team takes a 360-degree approach to all projects and their stakeholders: Interior Designers, ensuring integrity of design; Hotel Operators, upholding hotel industry brand standards, & Investors & Owners, protecting investments and project timetables.

TOPHOTELPROJECTS is the heart of a global community of suppliers and decision makers which initiates and supports the communication relating to building design, furnishing and operation of hotels.

We are a German research firm covering global hotel constructions, that over a decade branches out into hospitality events, media and hotel design. No other company comes close in supporting the hotel industry by efficiently combining different business areas into one integrated solution. We took the complex, ever-evolving global hospitality industry and introduced it to our German sense of efficiency and sheer hard work.

Our research team of some 25 experienced professionals spends 1,800 hours a month researching hotel projects around the world. Our database has been 10 years in the making, during which we gathered information on over 24,000 hotel projects and 120,000 related companies.

TOPHOTELPROJECTS today represents an exhaustive, ever-growing network of professionals from all major sectors of the hospitality industry: owners, developers, investors, brands, operators, architects, designers and suppliers.
